

Marriage Questionnaire - Husband

This tool is designed to help you learn how you can improve your marriage. You'll notice they are more about what you can do than about your wife. Marriages succeed when each spouse is focused on the other and not on himself or herself. Take note of any questions that you answer "NO." These are areas for growth and can be included on your personal plan for growth.

KEYS TO A HEALTHY MARRIAGE	QUESTION	NO	YES
